Principal: Lesley Lepine

Vice-Principal: Kimberly Kay

About the School/Community

C. E. Broughton Public School opened in August 1996, offering parents the choice of either a Modified Calendar (available to any elementary student registered in the Durham District School Board) or the Regular Calendar (available only to students within the school boundary).

Students on the regular calendar follow a traditional ten-month calendar while the modified calendar covers an eleven-month period beginning in August and offering two weeks of vacation after nine-week blocks of study. Although both calendars offer the same number of instructional days for students, the choice offered between the two calendars is appealing to many parents and their children.

The philosophy of C. E. Broughton Public School is expressed in our motto “Loving to Learn - Learning for Life”. Our staff is committed to delivering effective literacy and numeracy programs to provide students with the tools and skills they need to become lifelong learners. This is delivered within a framework of “Empathy, Respect and Responsibility” and a guiding principle of being “kind to one another”.

The staff at Broughton are focussing on Literacy initiatives such as Read to Succeed, Guided Reading (using our substantial collection of levelled reading materials), independent reading strategies and “Writers’ Workshops”. We continue to improve our collection of reading materials of special interest to boys.

Our focus in Numeracy is on problem-solving and aligning our classroom resources to fully support the Ontario Mathematics Curriculum. We are placing a greater emphasis on the use of math manipulatives from Kindergarten to Grade 8 and building a repertoire of assessment strategies that support student achievement.

Our extensive extra-curricular programs at Broughton encourage maximum participation by our students. Opportunities exist for students to participate in sports, bands, choirs, musicals and leadership programs. Our black light puppetry club is renowned for its polished performances. We are proud to showcase students’ artistic and dramatic talents throughout the year.

At Broughton, we encourage a commitment of service to others. We strive to develop well-rounded citizens who contribute positively to their school and community through our B.R.I.C.S. (Bringing Respect into the Community and School) program.

C. E. BROUGHTON PUBLIC SCHOOL RESULTS FOR 2007-2008

Grade 3 Results: (% Scoring Levels 3 and 4):

- Reading 58%
- Writing 68%
- Mathematics 65%

Grade 6 Results: (% Scoring Levels 3 and 4):

- Reading 72%
- Writing 74%
- Mathematics 56%

We will continue to work with our Broughton students to achieve above the DDSB and Provincial average for Grade 3 in Reading and Mathematics. Improvement in our Grade 3 Writing scores will be addressed through our dedicated focus on assessment for learning and differentiated instruction. Grade 6 results have shown steady growth since the primary assessment was written. We wish to thank staff, students, School Community Council, and parents for their hard work and efforts to ensure our students’ success.

About the 2008-2009 Results/Next Steps

Our EQAO results and our school plan for 2007-2008 will be shared with our School Community Council and other interested parents this fall. We will again outline the details of our plan, target areas, strategies, realistic and measurable goals, resources and time lines.

School Report

Assessments of Reading, Writing and Mathematics
Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2008–2009

School: C E Broughton PS (072907)
Board: Durham DSB (66060)

I am pleased to provide you with this report on the Assessments of Reading, Writing and Mathematics, Primary Division (Grades 1–3) and Junior Division (Grades 4–6), for 2008–2009. Included are student results for the current year, those from previous years and, to put these results in context, information about the local student populations.

Throughout the province and since the inception of the agency, EQAO results have helped inform professional practice and have served as a catalyst for improving student achievement. This report has been designed to assist you in your conversations about improved student learning.

We believe that every student deserves the best outcome from public education. That’s why, in close collaboration with Ontario educators, EQAO continues to develop assessments that gauge the achievement of all Ontario students against the learning expectations outlined in The Ontario Curriculum. These assessments ensure that every student in Ontario’s publicly funded school system is assessed using the same yard stick at key stages in his or her schooling.

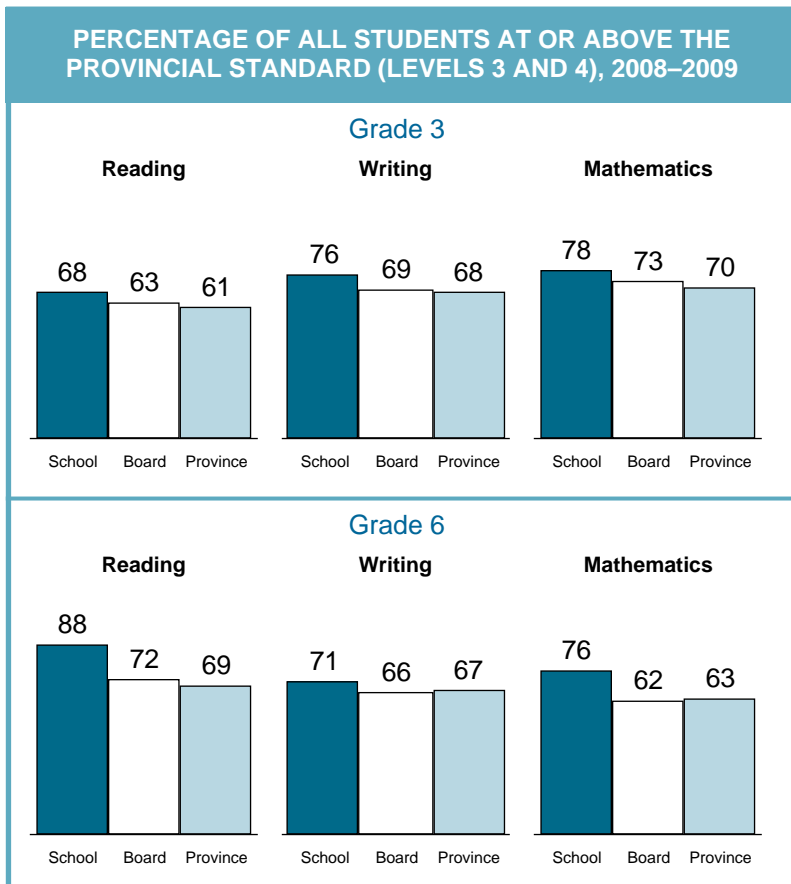

However, it should be remembered that EQAO’s assessment results are just one piece of information about student achievement. These results should be considered in conjunction with school-based information, such as that from classroom assessments.

I trust this report will help parents, educators and all who support a strong public education system work together so that all students can reach their full potential.

Sincerely,

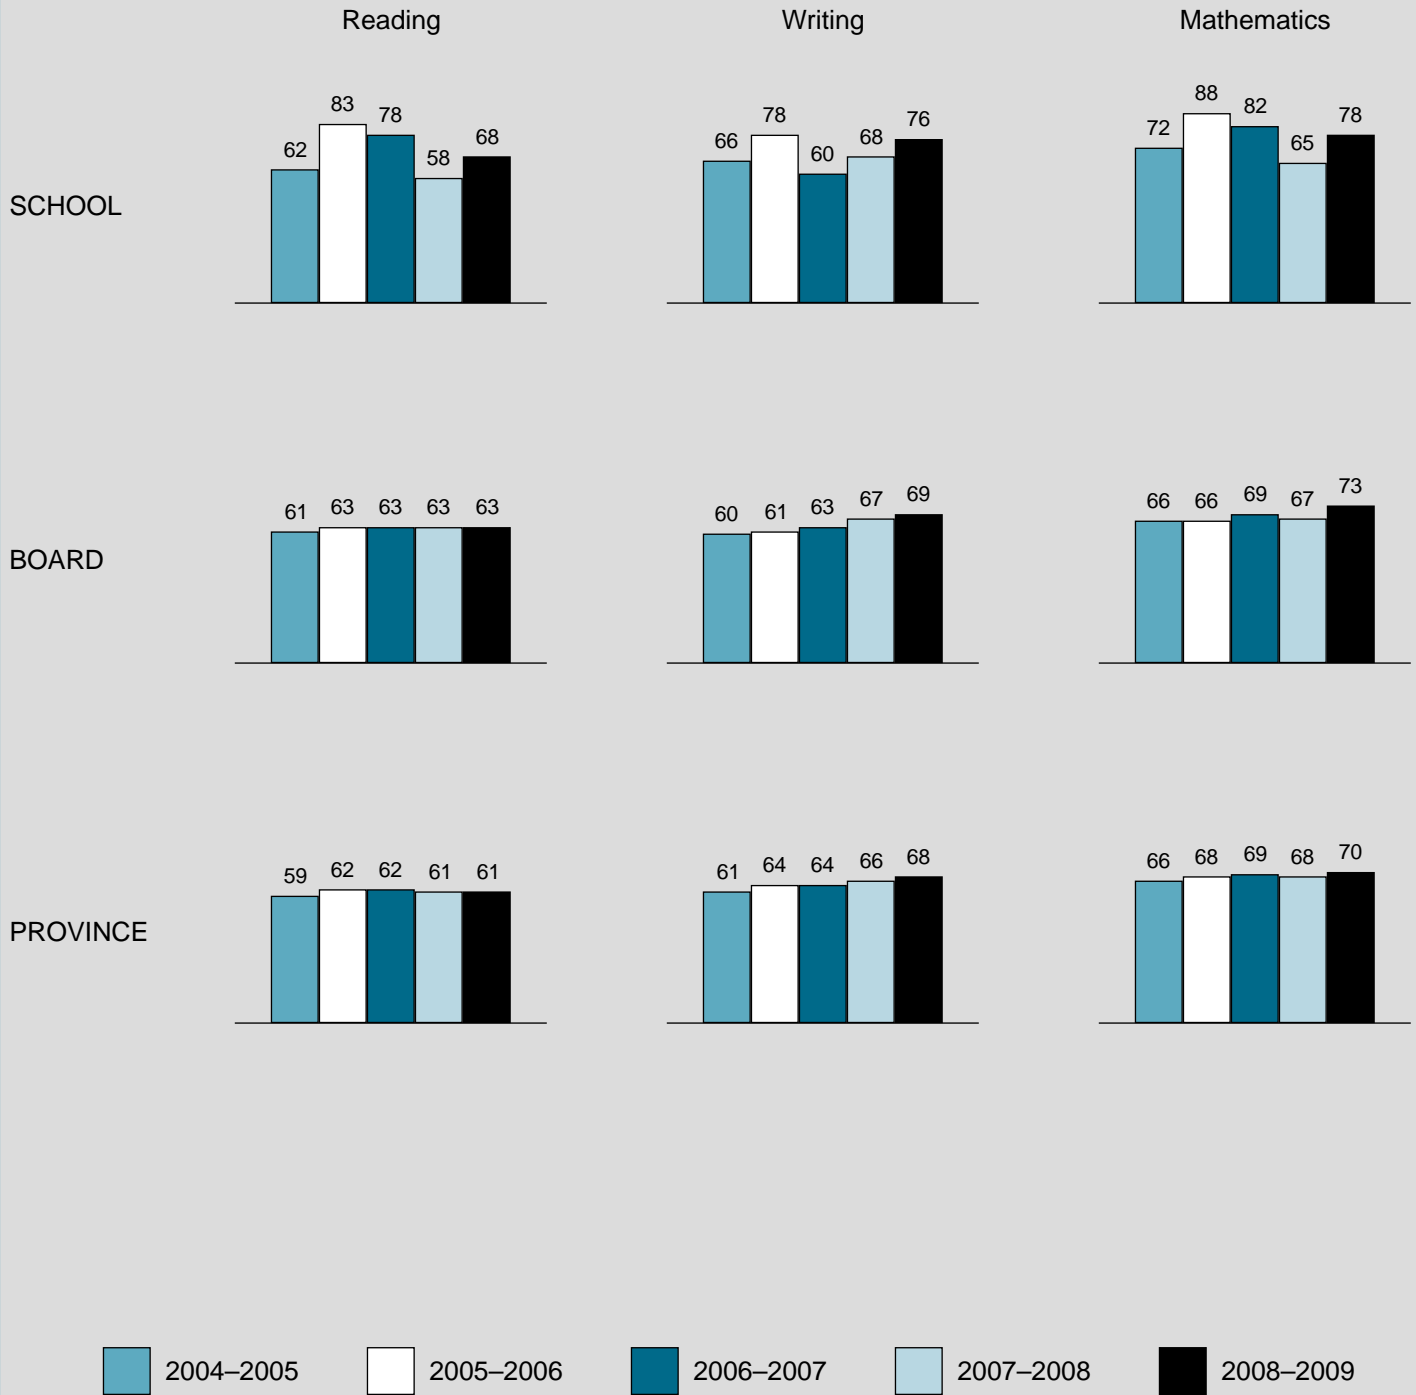

Marguerite Jackson
Chief Executive Officer
Education Quality and Accountability Office

TIPS

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

Every assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in reading, writing and mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 20 students, a difference of 10% represents only two students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or boards, or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students participated, because it might be possible to identify individual students.

ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations to the end of the Primary Division and the end of the Junior Division. Students complete a set of test booklets that allow them to show what they have learned in reading, writing and mathematics. The assessments are based on The Ontario Curriculum.

This report includes

- ◆ results for this year
- ◆ a comparison of results over the past four years to aid in monitoring improvement
- ◆ information about the characteristics of the students who participated
- ◆ summary graphs showing the percentage of students achieving the provincial standard in reading, writing and mathematics
- ◆ detailed tables and graphs showing results for all levels of achievement, results for gender and participation information
- ◆ student questionnaire results
- ◆ an explanation of all terms used in this report.

HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between the school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for reading, writing and mathematics.
 - Are these results consistent with what you would expect?
 - How do the school results compare to the board and the province; the board results compare to the province?
 - How do these results compare over time?
 - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to school or board staff about the goals for school improvement related to reading, writing and mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 3 and Grade 6 students across Ontario take part in these assessments of reading, writing and mathematics. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

STUDENT QUESTIONNAIRE RESULTS FOR THIS SCHOOL: GRADE 3 (# = 35)		
Questionnaire Item	Percentage of Students*	Number of Students Who Answered "Yes"
I am a good reader.		28
I like to read.		17
I read by myself at home.		18
I read with someone older than me at home.		7
I use a computer for reading activities at school.		10
I am a good writer.		25
I like to write.		18
I write by myself at home.		19
Someone older than me helps me with my writing at home.		2
I use a computer for writing activities at school.		15
I am good at mathematics.		25
I like mathematics.		17
I use mathematics to solve problems outside school.		12
Someone older than me helps me with my mathematics at home.		11
I use a computer to learn mathematics at school.		15
I use a calculator to learn mathematics at school.		7
At home, there is a computer for me to use for school work.		19

* Percentages may not add to 100, due to a lack of or ambiguous responses. Where there is no number in a box, the percentage of responses is smaller than 4.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

STUDENT QUESTIONNAIRE RESULTS FOR THIS SCHOOL: GRADE 3 (# = 35)		
Questionnaire Item	Percentage of Students*	Number of Students
Language(s) students speak at home:		
only or mostly English	97	34
another language (or other languages) as often as English	0	0
only or mostly another language (or other languages)	3	1
Language(s) that people speak to students at home:		
only or mostly English	94	33
another language (or other languages) as often as English	0	0
only or mostly another language (or other languages)	3	1

* Percentages may not add to 100, due to a lack of or ambiguous responses.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

GRADE 3: STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL, BOARD AND PROVINCE (all students, female, male)	School			Board			Province		
	All Students (# = 35)	Female* (# = 18)	Male* (# = 17)	All Students (# = 4 283)	Female* (# = 2 148)	Male* (# = 2 135)	All Students (# = 119 830)	Female* (# = 58 867)	Male* (# = 60 963)
Percentage of Students Who Answered “Yes” to the Statements Below									
Reading									
I am a good reader.	80%	72%	88%	68%	69%	67%	67%	69%	65%
I like to read.	49%	61%	35%	57%	65%	50%	61%	69%	53%
I read by myself at home.	51%	39%	65%	58%	60%	56%	59%	61%	57%
I read with someone older than me at home.	20%	22%	18%	16%	15%	17%	15%	14%	16%
I use a computer for reading activities at school.	29%	33%	24%	29%	30%	28%	22%	22%	23%
Writing									
I am a good writer.	71%	78%	65%	51%	57%	44%	48%	55%	42%
I like to write.	51%	67%	35%	50%	58%	42%	51%	60%	43%
I write by myself at home.	54%	72%	35%	54%	59%	49%	54%	59%	50%
Someone older than me helps me with my writing at home.	6%	0%	12%	16%	15%	17%	16%	14%	18%

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

EXPLANATION OF TERMS

All Students	Results are reported for all students in the grade.
Participating Students	Results are reported only for those students who took part in the assessment (excludes "no data" and "exempt" categories).
Provincial Standard	The Ministry of Education has set Level 3 as the provincial standard.
Level 4	The student has demonstrated the required knowledge and skills. Achievement surpasses the provincial standard.
Level 3	The student has demonstrated most of the required knowledge and skills. Achievement is at the provincial standard.
Level 2	The student has demonstrated some of the required knowledge and skills. Achievement approaches the provincial standard.
Level 1	The student has demonstrated some of the required knowledge and skills in limited ways. Achievement falls much below the provincial standard.
NE1	"Not enough evidence for Level 1" is used when students did not demonstrate enough evidence of knowledge and understanding to be assigned Level 1.
No Data	Students who did not complete any part of the assessment due to absence or for medical or other reasons.
Exempt	Students who were formally exempted from participation in one or more components of the assessment.
English Language Learners	Students who have been identified by the school in accordance with English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12 (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
English Language Learners Receiving a Special Provision	English language learners identified by the school as receiving a special provision. Detailed information about special provisions is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions.
Students with Special Needs (excluding gifted)	Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students identified as gifted are not included.
Students Receiving One or More Accommodations	Students identified by the school as receiving accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions.
N/R	"Not reported" indicates that the number of students participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported.
N/D	"No data available" is used to indicate that there were no students in the grade or subject for the group or year specified.
W	Results for some or all students are being withheld by EQAO. For further information, please contact the school principal.
