

School/Community Report

2008 - 2009 EQAO
Primary (Grades 1-3) and
Junior (Grades 4-6)
Assessments of
Reading, Writing and Mathematics

Jack Miner P.S.

144 Whitburn St.
Whitby, ON
L1R 2N1
905-668-3249

Principal: Trudy Collins

Vice-Principal: Andrea Walters

About Our School/Community

Jack Miner Public School is a school in the north of Whitby. Our classes range from Junior Kindergarten to grade eight (inclusive). Our student population is comprised of 410 Regular Stream students and 250 Gifted Program students. In addition we have a primary level special education class with 10 students.

About the 2008-09 Results/Next Steps

We are excited about our EQAO results for the 2008-09 school year. Our grade 3 students had their best results ever. The scores for both the grades 3 and 6 were substantially higher than the Boards results in every area. This is a result of hard work on the behalf of our students and staff and, the support of our community. During the 2008-09 school year, our Literacy and Numeracy committees examined the EQAO results and then planned several initiatives to improve in specific areas. It is evident that this was effective and we will engage in the same process this year. As a result, we have seen significant improvements in the results of our females in the area of mathematics as well as in reading for the males. School wide, our professional development focus will continue to be in the area of Assessment and providing a Balanced Literacy Program. Our goal is to ensure that all our teachers are proficient in assessing students, stating learning intentions and developing learning goals that maximize student achievement.

School Report

Assessments of Reading, Writing and Mathematics
Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2008–2009

School: Jack Miner PS (280844)
Board: Durham DSB (66060)

I am pleased to provide you with this report on the Assessments of Reading, Writing and Mathematics, Primary Division (Grades 1–3) and Junior Division (Grades 4–6), for 2008–2009. Included are student results for the current year, those from previous years and, to put these results in context, information about the local student populations.

Throughout the province and since the inception of the agency, EQAO results have helped inform professional practice and have served as a catalyst for improving student achievement. This report has been designed to assist you in your conversations about improved student learning.

We believe that every student deserves the best outcome from public education. That’s why, in close collaboration with Ontario educators, EQAO continues to develop assessments that gauge the achievement of all Ontario students against the learning expectations outlined in The Ontario Curriculum. These assessments ensure that every student in Ontario’s publicly funded school system is assessed using the same yard stick at key stages in his or her schooling.

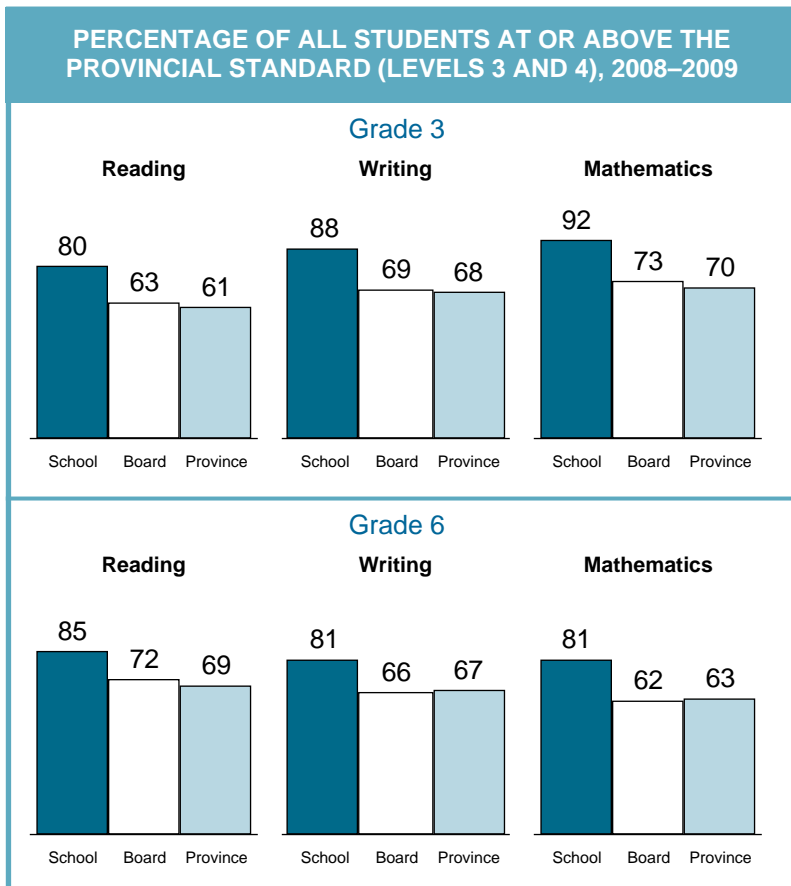

However, it should be remembered that EQAO’s assessment results are just one piece of information about student achievement. These results should be considered in conjunction with school-based information, such as that from classroom assessments.

I trust this report will help parents, educators and all who support a strong public education system work together so that all students can reach their full potential.

Sincerely,

Marguerite Jackson
Chief Executive Officer
Education Quality and Accountability Office

TIPS

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

Every assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in reading, writing and mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 20 students, a difference of 10% represents only two students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or boards, or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students participated, because it might be possible to identify individual students.

ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations to the end of the Primary Division and the end of the Junior Division. Students complete a set of test booklets that allow them to show what they have learned in reading, writing and mathematics. The assessments are based on The Ontario Curriculum.

This report includes

- ◆ results for this year
- ◆ a comparison of results over the past four years to aid in monitoring improvement
- ◆ information about the characteristics of the students who participated
- ◆ summary graphs showing the percentage of students achieving the provincial standard in reading, writing and mathematics
- ◆ detailed tables and graphs showing results for all levels of achievement, results for gender and participation information
- ◆ student questionnaire results
- ◆ an explanation of all terms used in this report.

HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between the school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for reading, writing and mathematics.
 - Are these results consistent with what you would expect?
 - How do the school results compare to the board and the province; the board results compare to the province?
 - How do these results compare over time?
 - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to school or board staff about the goals for school improvement related to reading, writing and mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 3 and Grade 6 students across Ontario take part in these assessments of reading, writing and mathematics. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

Questionnaire Item	Percentage of Students*	Number of Students
Language(s) students speak at home:		
only or mostly English	95	35
another language (or other languages) as often as English	5	2
only or mostly another language (or other languages)	0	0
Language(s) that people speak to students at home:		
only or mostly English	84	31
another language (or other languages) as often as English	14	5
only or mostly another language (or other languages)	3	1

* Percentages may not add to 100, due to a lack of or ambiguous responses.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

GRADE 3: STUDENT QUESTIONNAIRE RESULTS FOR SCHOOL, BOARD AND PROVINCE (all students, female, male)	School			Board			Province		
	All Students (# = 37)	Female* (# = 19)	Male* (# = 18)	All Students (# = 4 283)	Female* (# = 2 148)	Male* (# = 2 135)	All Students (# = 119 830)	Female* (# = 58 867)	Male* (# = 60 963)
Percentage of Students Who Answered “Yes” to the Statements Below									
Reading									
I am a good reader.	65%	63%	67%	68%	69%	67%	67%	69%	65%
I like to read.	65%	58%	72%	57%	65%	50%	61%	69%	53%
I read by myself at home.	76%	84%	67%	58%	60%	56%	59%	61%	57%
I read with someone older than me at home.	16%	0%	33%	16%	15%	17%	15%	14%	16%
I use a computer for reading activities at school.	22%	26%	17%	29%	30%	28%	22%	22%	23%
Writing									
I am a good writer.	41%	37%	44%	51%	57%	44%	48%	55%	42%
I like to write.	54%	53%	56%	50%	58%	42%	51%	60%	43%
I write by myself at home.	59%	68%	50%	54%	59%	49%	54%	59%	50%
Someone older than me helps me with my writing at home.	8%	11%	6%	16%	15%	17%	16%	14%	18%
I use a computer for writing activities at school.	14%	11%	17%	31%	30%	31%	26%	25%	26%
Mathematics									
I am good at mathematics.	59%	53%	67%	54%	46%	62%	53%	46%	60%
I like mathematics.	68%	63%	72%	57%	54%	60%	59%	57%	61%
I use mathematics to solve problems outside school.	30%	26%	33%	33%	32%	33%	31%	31%	32%
Someone older than me helps me with my mathematics at home.	8%	5%	11%	26%	29%	23%	26%	28%	24%
I use a computer to learn mathematics at school.	8%	11%	6%	27%	27%	26%	25%	25%	25%
I use a calculator to learn mathematics at school.	24%	21%	28%	16%	15%	16%	13%	11%	14%
Computer at home									
There is a computer for me to use for school work.	76%	79%	72%	52%	54%	50%	48%	50%	46%

* Includes only students for whom gender data were available.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

EXPLANATION OF TERMS

All Students	Results are reported for all students in the grade.
Participating Students	Results are reported only for those students who took part in the assessment (excludes "no data" and "exempt" categories).
Provincial Standard	The Ministry of Education has set Level 3 as the provincial standard.
Level 4	The student has demonstrated the required knowledge and skills. Achievement surpasses the provincial standard.
Level 3	The student has demonstrated most of the required knowledge and skills. Achievement is at the provincial standard.
Level 2	The student has demonstrated some of the required knowledge and skills. Achievement approaches the provincial standard.
Level 1	The student has demonstrated some of the required knowledge and skills in limited ways. Achievement falls much below the provincial standard.
NE1	"Not enough evidence for Level 1" is used when students did not demonstrate enough evidence of knowledge and understanding to be assigned Level 1.
No Data	Students who did not complete any part of the assessment due to absence or for medical or other reasons.
Exempt	Students who were formally exempted from participation in one or more components of the assessment.
English Language Learners	Students who have been identified by the school in accordance with English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12 (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
English Language Learners Receiving a Special Provision	English language learners identified by the school as receiving a special provision. Detailed information about special provisions is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions.
Students with Special Needs (excluding gifted)	Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students identified as gifted are not included.
Students Receiving One or More Accommodations	Students identified by the school as receiving accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions.
N/R	"Not reported" indicates that the number of students participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported.
N/D	"No data available" is used to indicate that there were no students in the grade or subject for the group or year specified.
W	Results for some or all students are being withheld by EQAO. For further information, please contact the school principal.
