***Principal: John Hamilton***

***Vice-Principal: Liz Thompson***

### ***About Our School/Community***

R.H. Cornish Public School is a large school within the community of Port Perry and has a continuing history of extensive community and parental involvement in supporting the school's educational goals. Student enrolment at R.H. Cornish Public School is currently 805 pupils ranging from Junior Kindergarten to Grade Eight. English is the first language of the vast majority of the students.

Programs offered at the school include French Immersion and a number of Special Education classes: Associated, Multi-Exceptionality, Resource Room and Gifted. Parents and community volunteers are very active at school, providing direct assistance to children in classrooms, with the Home Reading programs, as well as with special events and meal days. R.H. Cornish Public School has an active School Community Council, committed to supporting the educational goals of the school.

During the coming year, the teaching staff at R.H. Cornish Public School will be implementing strategies that will assist in our continued pursuit of excellence. We will also refine our School Plan which is based upon local, board and provincial initiatives. Literacy and numeracy will continue to be our major foci.

### ***About the 2008 - 2009 EQAO Results/Next Steps***

We have endeavoured over the past years to embrace school community involvement and ownership for the results of the EQAO Assessment. The results are shared with the teachers, the parent community and our S.C.C. Staff from all grade levels will be actively involved in the analysis of data and development of our Action Plan and School Plan.

To further student achievement in all areas of the curriculum, teachers will be given a series of half day workshops throughout the year to analyze pertinent student achievement data and work together to develop and implement instructional strategies designed to maximize the potential for student learning.

Together as a school team we will find ways for addressing our areas of growth and achieving the Ministry targets for student achievement in all three areas of the EQAO assessment. As we refine our School Plan this year, the 2008 - 2009 EQAO results will form a basis for discussion and planning. We will continue to learn about and implement assessment practices as a school wide project. Assessment of learning and assessment for learning will be the focus of our professional development sessions this year.

# School Report

Assessments of Reading, Writing and Mathematics  
Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2008–2009

**School: R H Cornish PS (451177)**  
**Board: Durham DSB (66060)**

I am pleased to provide you with this report on the Assessments of Reading, Writing and Mathematics, Primary Division (Grades 1–3) and Junior Division (Grades 4–6), for 2008–2009. Included are student results for the current year, those from previous years and, to put these results in context, information about the local student populations.

Throughout the province and since the inception of the agency, EQAO results have helped inform professional practice and have served as a catalyst for improving student achievement. This report has been designed to assist you in your conversations about improved student learning.

We believe that every student deserves the best outcome from public education. That’s why, in close collaboration with Ontario educators, EQAO continues to develop assessments that gauge the achievement of all Ontario students against the learning expectations outlined in The Ontario Curriculum. These assessments ensure that every student in Ontario’s publicly funded school system is assessed using the same yard stick at key stages in his or her schooling.

However, it should be remembered that EQAO’s assessment results are just one piece of information about student achievement. These results should be considered in conjunction with school-based information, such as that from classroom assessments.

I trust this report will help parents, educators and all who support a strong public education system work together so that all students can reach their full potential.

Sincerely,

Marguerite Jackson  
Chief Executive Officer  
Education Quality and Accountability Office

## TIPS

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

Every assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in reading, writing and mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 20 students, a difference of 10% represents only two students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or boards, or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students participated, because it might be possible to identify individual students.

## ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations to the end of the Primary Division and the end of the Junior Division. Students complete a set of test booklets that allow them to show what they have learned in reading, writing and mathematics. The assessments are based on The Ontario Curriculum.

### This report includes

- ◆ results for this year
- ◆ a comparison of results over the past four years to aid in monitoring improvement
- ◆ information about the characteristics of the students who participated
- ◆ summary graphs showing the percentage of students achieving the provincial standard in reading, writing and mathematics
- ◆ detailed tables and graphs showing results for all levels of achievement, results for gender and participation information
- ◆ student questionnaire results
- ◆ an explanation of all terms used in this report.

## HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between the school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for reading, writing and mathematics.
  - Are these results consistent with what you would expect?
  - How do the school results compare to the board and the province; the board results compare to the province?
  - How do these results compare over time?
  - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to school or board staff about the goals for school improvement related to reading, writing and mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 3 and Grade 6 students across Ontario take part in these assessments of reading, writing and mathematics. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

\* Contextual data pertaining to gender, student status, place of birth, language learned at home and year entered school are provided by schools and/or boards through the Student Data Collection process. Some data may be missing because they were not provided by the school or the board.

† Some French Immersion students do not write all components of the assessment in Grade 3; the numbers shown reflect those students who were expected to write each component as determined by the French Immersion participation option selected by boards.

\*\* See the Explanation of Terms.

†† The question related to student mobility changed in 2005–2006.

\* Includes only students for whom gender data were available.

\*\* Percentages may not add to 100, due to a lack of or ambiguous responses.

## Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

## EXPLANATION OF TERMS

|  |  |
|--|--|
| <b>All Students</b>  | Results are reported for all students in the grade.  |
| <b>Participating Students</b>                                  | Results are reported only for those students who took part in the assessment (excludes "no data" and "exempt" categories).   |
| <b>Provincial Standard</b>                                     | The Ministry of Education has set Level 3 as the provincial standard.  |
| <b>Level 4</b>   | The student has demonstrated the required knowledge and skills. Achievement surpasses the provincial standard.   |
| <b>Level 3</b>   | The student has demonstrated most of the required knowledge and skills. Achievement is at the provincial standard.   |
| <b>Level 2</b>   | The student has demonstrated some of the required knowledge and skills. Achievement approaches the provincial standard.  |
| <b>Level 1</b>   | The student has demonstrated some of the required knowledge and skills in limited ways. Achievement falls much below the provincial standard.  |
| <b>NE1</b>   | "Not enough evidence for Level 1" is used when students did not demonstrate enough evidence of knowledge and understanding to be assigned Level 1.   |
| <b>No Data</b>   | Students who did not complete any part of the assessment due to absence or for medical or other reasons.   |
| <b>Exempt</b>  | Students who were formally exempted from participation in one or more components of the assessment.  |
| <b>English Language Learners</b>                               | Students who have been identified by the school in accordance with English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12 (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners. |
| <b>English Language Learners Receiving a Special Provision</b> | English language learners identified by the school as receiving a special provision. Detailed information about special provisions is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions.   |
| <b>Students with Special Needs (excluding gifted)</b>          | Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students identified as gifted are not included.  |
| <b>Students Receiving One or More Accommodations</b>           | Students identified by the school as receiving accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions.   |
| <b>N/R</b>   | "Not reported" indicates that the number of students participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported.   |
| <b>N/D</b>   | "No data available" is used to indicate that there were no students in the grade or subject for the group or year specified.   |
| <b>W</b>   | Results for some or all students are being withheld by EQAO. For further information, please contact the school principal.   |
