905-852-9751

Principal: Olga Klymenko

Vice-Principal: Peter Bozanis

About Our School/Community

Scott Central is located in the town of Sandford, north west of Uxbridge. The school was built to amalgamate several small, rural schools serving the adjacent communities of Zephyr, Udora and Leaskdale. Scott Central has a student population of 360 students and a staff of 33 caring, dedicated professionals consisting of teachers, Educational Assistants, secretary, and custodial staff.

The school provides Junior Kindergarten to Grade 8 classes and classrooms contain a range of students with varying needs and abilities. We are strong promoters of inclusion and support practices for the inclusion of children with special needs through a service delivery model that utilizes our Educational Assistants. Our Resource Class continues to provide programming and support for junior and intermediate identified students.

Our staff and community has collaborated to develop a mission statement and vision of Scott Central P.S. Our mission is to represent the values and expectations of the community. We promote and encourage academic excellence within a caring and responsible school environment. We are truly ***Together in Education*** with our parents and students. Scott Central's vision is to create a responsible, inclusive community of life long learners who are productive, principled citizens able to work collaboratively in a technologically advancing global community. We have also created core value statements that reflect our commitment to students, to each other and articulate our beliefs about learning. We ***Saddle Up For Success***, believe ***It's Cool To Care*** and encourage every student to ***Be The Best That You Can Be*** through our strong Character Development programs.

About the 2008-2009 Results/Next Steps

Grade 3 Test Performance

This year 35 Grade 3 students participated in the assessments of reading, writing and mathematics (EQAO). They achieved 47% in Reading, 39% in Writing, and 63% in Mathematics. Although the 2008-2009 results show a decrease in Reading, Writing, and Math. The Math scores are the same as achieved at the provincial level.

It is important to remember that EQAO's assessment results are just one piece of information about student achievement. We will continue to focus on using "***Best Practices***" to improve student achievement in literacy and numeracy.

Grade 6 Test Performance

In Grade 6 our students achieved 81% in Reading, 74% in Writing and 67% in Mathematics. These scores represent students who were achieving results at or above the provincial standard. In our Board, the Grade 6 overall results were 72% in Reading, 66% in Writing and 62% in Mathematics. We are very proud of our 2008-2009 results which show an increase in Reading by 15%, an increase in Writing by 29%, and an increase in Math by 17% over our 2007-2008 results.

Next Steps

The Grade 3 and 6 results will be shared with all the teachers, parents and with the members of our School Community Council. Our goals for the 2008-2009 year will be to **decrease the gaps** by providing continued intensive support designed to improve teaching practices and to

improve student achievement. We will continue to use data walls as an assessment tool to track Reading, Writing and Mathematic results on information gathered from report cards, C.A.S.I. and Running Records. We will continue to focus on improving student achievement through balanced Literacy and Numeracy programs and the use of effective student feedback. The results will drive our School Improvement Plan.

Our focus will also be to develop clear links between Writing and Reading, especially in the area of non-fiction reading for boys. We will also focus on developing effective “Independent Reading Programs”.

In Math, direct instruction will be applied to the teaching of math vocabulary. Students will work through the steps needed to solve multi-step problems using a specific “framework” for problem solving.

Success for all will be achieved, as we work “Together in Education”.

School Report

Assessments of Reading, Writing and Mathematics
Primary Division (Grades 1–3) and Junior Division (Grades 4–6), 2008–2009

School: Scott Central PS (503720)
Board: Durham DSB (66060)

I am pleased to provide you with this report on the Assessments of Reading, Writing and Mathematics, Primary Division (Grades 1–3) and Junior Division (Grades 4–6), for 2008–2009. Included are student results for the current year, those from previous years and, to put these results in context, information about the local student populations.

Throughout the province and since the inception of the agency, EQAO results have helped inform professional practice and have served as a catalyst for improving student achievement. This report has been designed to assist you in your conversations about improved student learning.

We believe that every student deserves the best outcome from public education. That’s why, in close collaboration with Ontario educators, EQAO continues to develop assessments that gauge the achievement of all Ontario students against the learning expectations outlined in The Ontario Curriculum. These assessments ensure that every student in Ontario’s publicly funded school system is assessed using the same yard stick at key stages in his or her schooling.

However, it should be remembered that EQAO’s assessment results are just one piece of information about student achievement. These results should be considered in conjunction with school-based information, such as that from classroom assessments.

I trust this report will help parents, educators and all who support a strong public education system work together so that all students can reach their full potential.

Sincerely,

Marguerite Jackson
Chief Executive Officer
Education Quality and Accountability Office

TIPS

Each school or board is unique. To appreciate the distinctive character of a school or board, look at the contextual information to understand the features and characteristics of the community it serves.

Every assessment captures the performance of students at one point in time each year. Consider the results along with other information about students' achievement in reading, writing and mathematics.

Exercise caution when interpreting results for small schools or boards. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a school of 20 students, a difference of 10% represents only two students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or boards, or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students participated, because it might be possible to identify individual students.

ABOUT THIS SCHOOL OR BOARD REPORT

This report shows how well students have met curriculum expectations to the end of the Primary Division and the end of the Junior Division. Students complete a set of test booklets that allow them to show what they have learned in reading, writing and mathematics. The assessments are based on The Ontario Curriculum.

This report includes

- ◆ results for this year
- ◆ a comparison of results over the past four years to aid in monitoring improvement
- ◆ information about the characteristics of the students who participated
- ◆ summary graphs showing the percentage of students achieving the provincial standard in reading, writing and mathematics
- ◆ detailed tables and graphs showing results for all levels of achievement, results for gender and participation information
- ◆ student questionnaire results
- ◆ an explanation of all terms used in this report.

HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences between the school, the board and the province; the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the results for reading, writing and mathematics.
 - Are these results consistent with what you would expect?
 - How do the school results compare to the board and the province; the board results compare to the province?
 - How do these results compare over time?
 - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to school or board staff about the goals for school improvement related to reading, writing and mathematics.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments. Each year, all Grade 3 and Grade 6 students across Ontario take part in these assessments of reading, writing and mathematics. Individual results are reported to students and to parents and guardians. School, board and provincial results are released publicly.

| only or mostly another language (or other languages) | 0% | 0% | 0% | 4% | 4% | 5% | 12% | 12% | 12% |

* Includes only students for whom gender data were available.

** Percentages may not add to 100, due to a lack of or ambiguous responses.

Assessments of Reading, Writing and Mathematics, Primary and Junior Divisions, 2008–2009

EXPLANATION OF TERMS

| | |
|--|--|
| All Students | Results are reported for all students in the grade. |
| Participating Students | Results are reported only for those students who took part in the assessment (excludes "no data" and "exempt" categories). |
| Provincial Standard | The Ministry of Education has set Level 3 as the provincial standard. |
| Level 4 | The student has demonstrated the required knowledge and skills. Achievement surpasses the provincial standard. |
| Level 3 | The student has demonstrated most of the required knowledge and skills. Achievement is at the provincial standard. |
| Level 2 | The student has demonstrated some of the required knowledge and skills. Achievement approaches the provincial standard. |
| Level 1 | The student has demonstrated some of the required knowledge and skills in limited ways. Achievement falls much below the provincial standard. |
| NE1 | "Not enough evidence for Level 1" is used when students did not demonstrate enough evidence of knowledge and understanding to be assigned Level 1. |
| No Data | Students who did not complete any part of the assessment due to absence or for medical or other reasons. |
| Exempt | Students who were formally exempted from participation in one or more components of the assessment. |
| English Language Learners | Students who have been identified by the school in accordance with English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12 (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners. |
| English Language Learners Receiving a Special Provision | English language learners identified by the school as receiving a special provision. Detailed information about special provisions is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions. |
| Students with Special Needs (excluding gifted) | Students who have been formally identified by an Identification, Placement and Review Committee, as well as students who have an Individual Education Plan. Students identified as gifted are not included. |
| Students Receiving One or More Accommodations | Students identified by the school as receiving accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in EQAO's Guide for Accommodations, Special Provisions and Exemptions. |
| N/R | "Not reported" indicates that the number of students participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore, results are not reported. |
| N/D | "No data available" is used to indicate that there were no students in the grade or subject for the group or year specified. |
| W | Results for some or all students are being withheld by EQAO. For further information, please contact the school principal. |
